Dedication

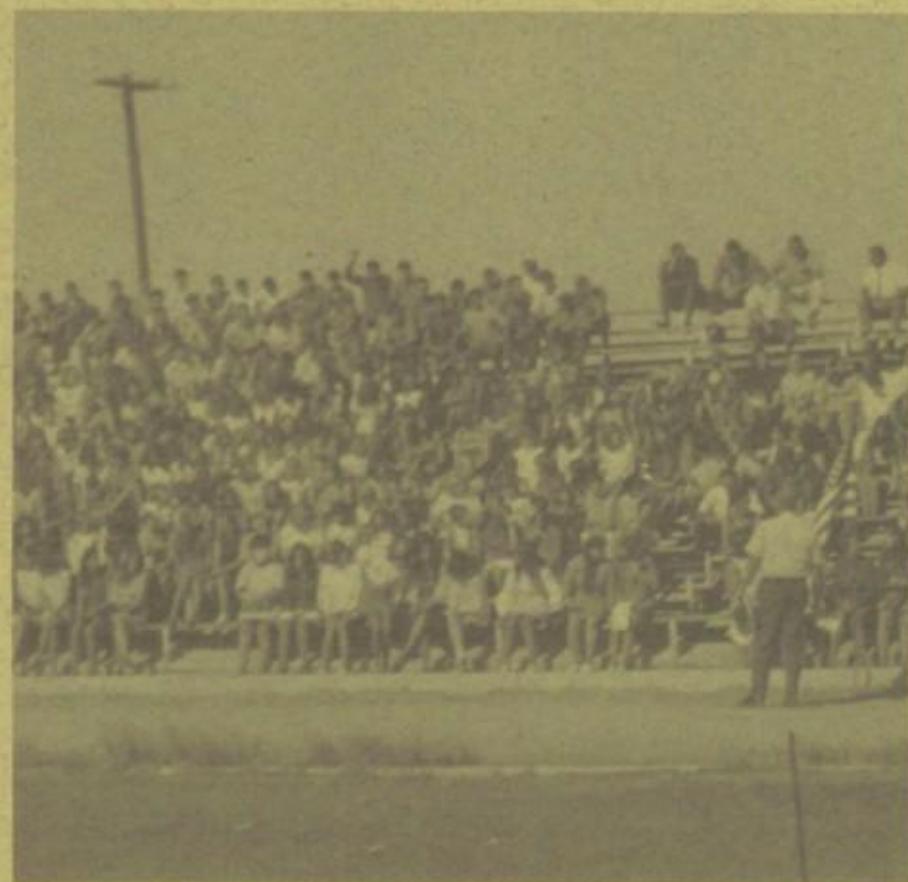

We dedicate this 1971 Waukeen to you, Mr. Brink, for the spirit and pride you have helped established in our school. Our special thanks to you for building a championship football team, and most of all for being our friend.

Mr. Brink
Have a good time at the school
the next year at the teaching
where you will be teaching
and have the best of luck
this summer. It's been three
fun years. Your friend

OUR YEAR

With the beginning of school we gathered on the new football field for the opening assembly.

The Welcome Dance was held on September 11th. It was just one of the many social activities held this past year. Our thanks to all those who helped make it possible.

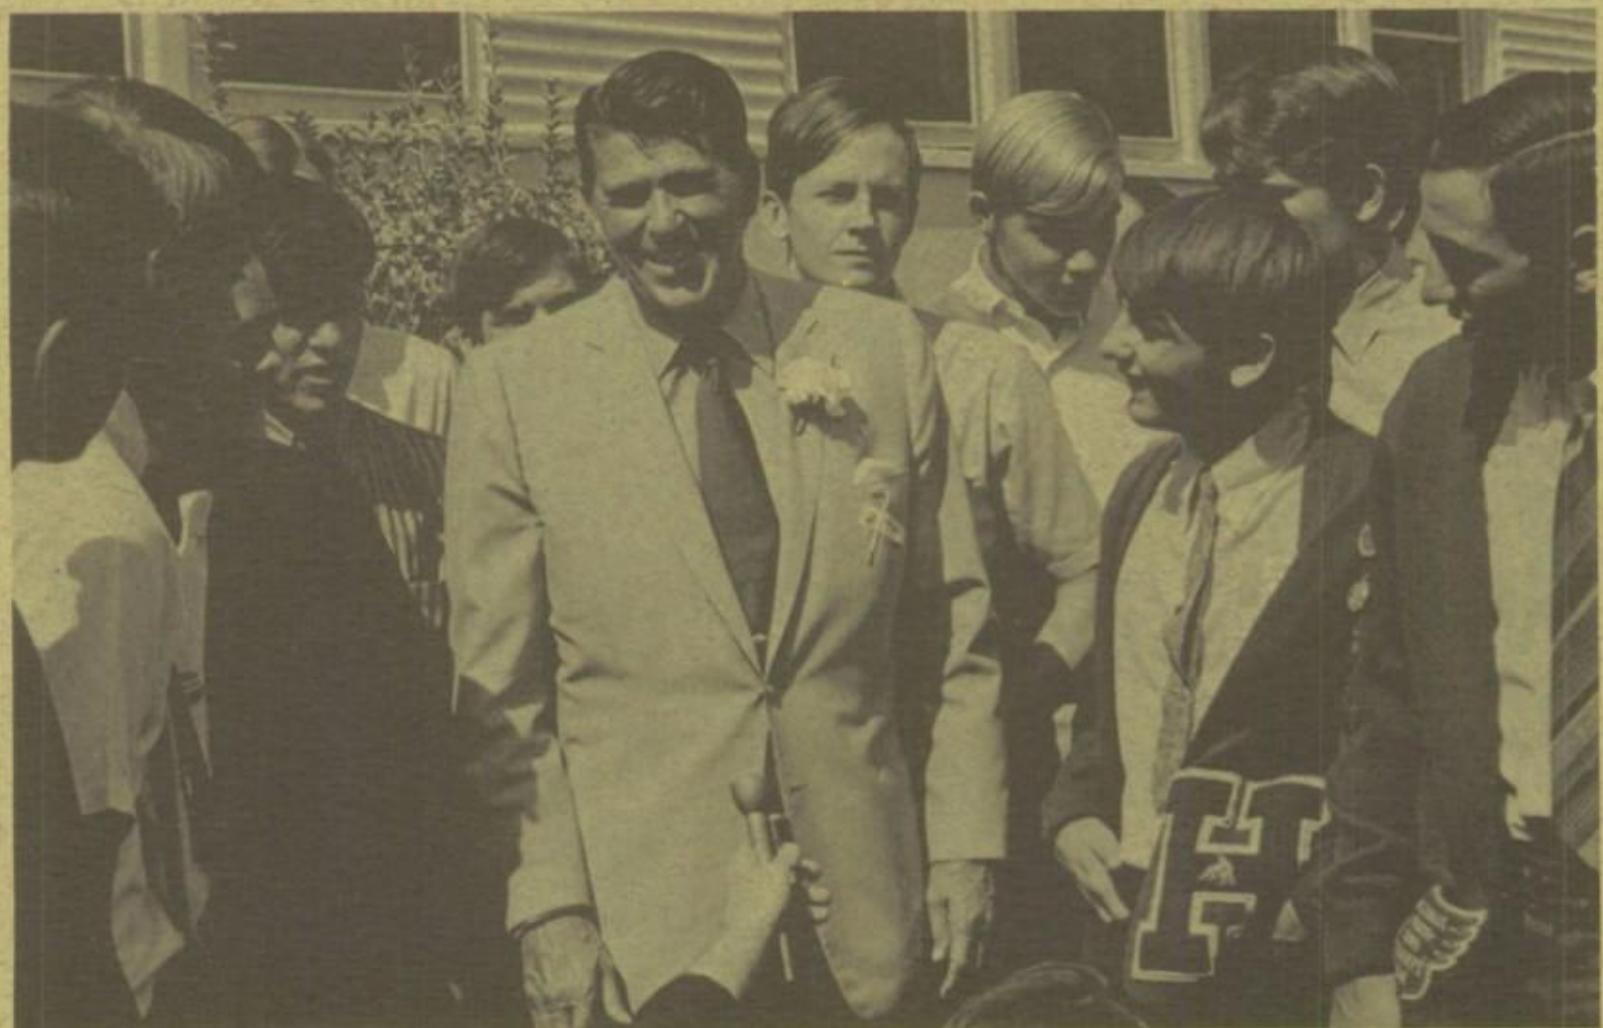

The first rally of the year was only the beginning of Hilmar High's spirited student activities.

Heuer sweeps around the end against Hughson in the first game of the season.

Wells drives through the Riverbank line. This was the team's second victory.

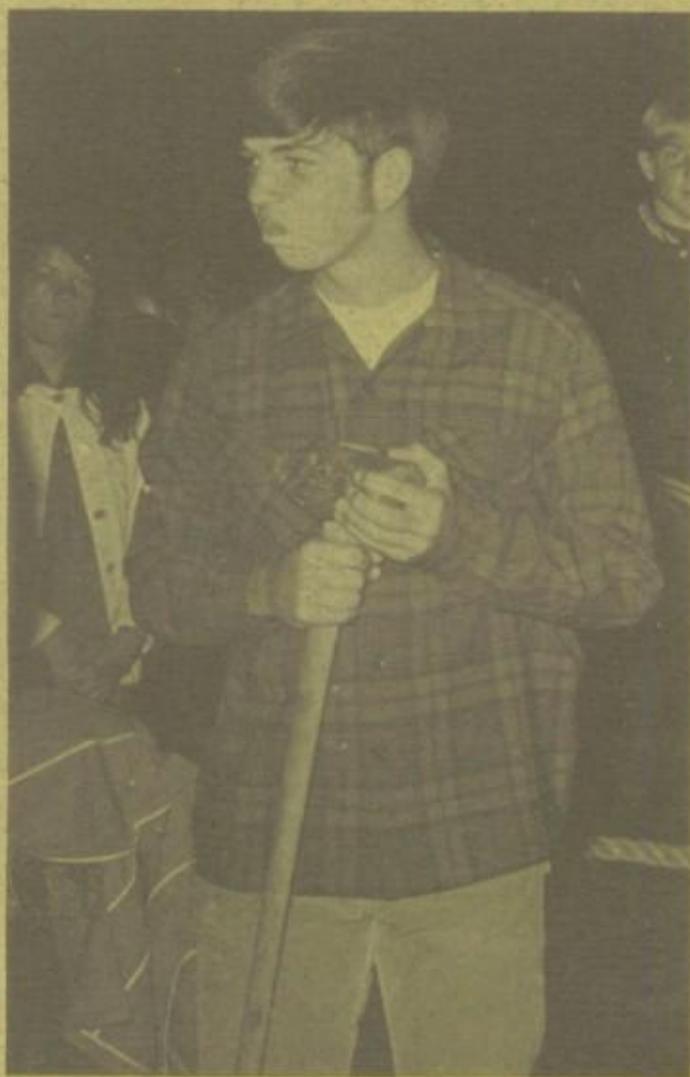

The team talks with Governor Reagan after a dinner in Merced.

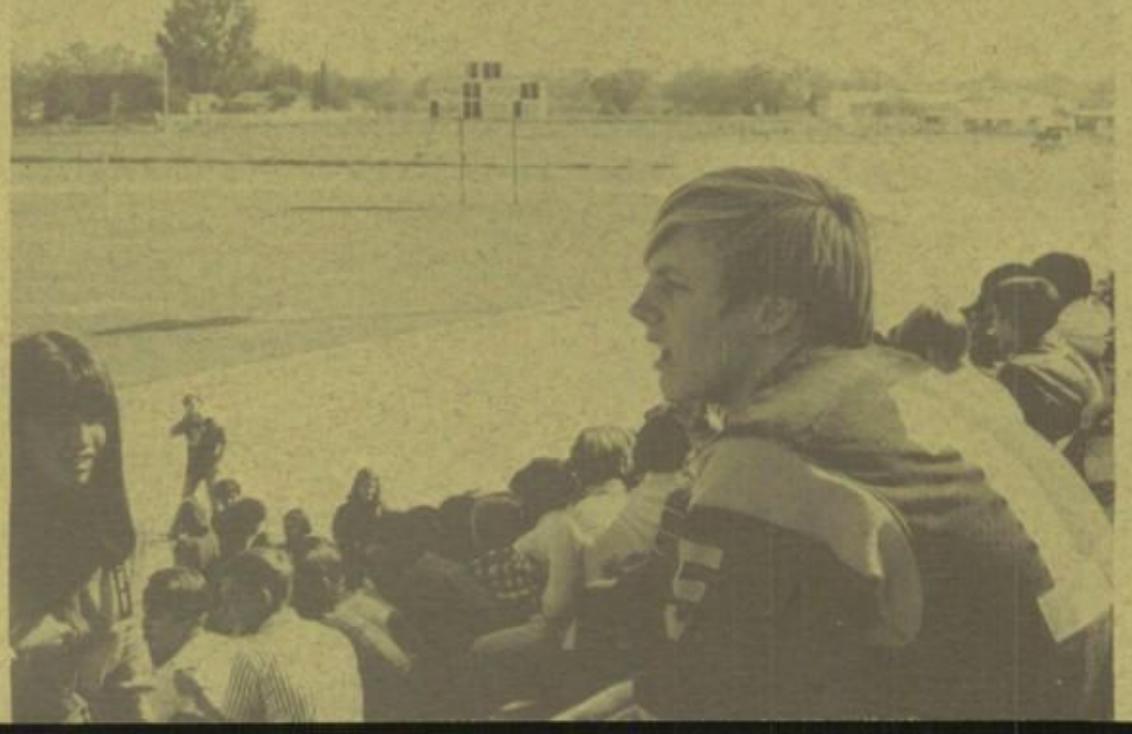

The sophomores finishing work on their first place homecoming float.

The homecoming rally and car-crash and homecoming parade lead up to the big game with O.L.M.

Mike Vierra heads for the goal line.

VICTORY!

Many exciting and depressing things happen this year.
It was filled with study and hard work, fun and enjoyment.
The making of new friends and renewing of old friendships.
The relief of getting a chemistry problem done.
The thrill of winning a championship.
And the disappointment of getting an F.
In all, "Our Year" was a good year, but "We have only
just begun."

Youth and determination were what the fans watched on the court this season as the Yellowjackets provided the excitement and victories. Inexperience was surpassed by the 100% effort of the team that consisted of only one Senior and one Freshman with the Juniors filling the rest of the roster. A "building" year for the Jackets may prove to be one of success.

FACULTY

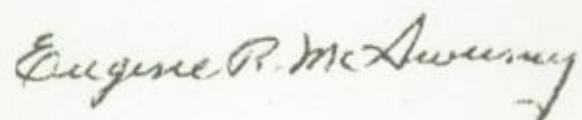

Basic Earth Science

To the members of the 1971 graduating class I offer my congratulations. You are here today not only because of the influence and guidance of parents and teachers but also because you wanted to finish high school and all along the way you made your own free decision to do the work necessary to reach this major goal of your life.

Before you is a tremendous opportunity. You will be challenged many times to make the right or wrong decision. Those of you that carefully plan your future will find fulfillment, happiness and success. The wrong choice can mean frustration, bitterness and defeat. Where will you stand ten years from now?

Sincerely,

Student Body Officers

Richard Silva
Student Body President

It has been my sincere pleasure and honor to be your Student Body President for the past year.

Being a transfer student in my Sophomore year, my first impression was one of friendliness and unity among the students and even a greater unity between school and community, which is apparent in the fields of athletics, agriculture, band, etc. All these factors have made my year as your Student Body President a pleasant and enjoyable one.

Upon graduation many of us will never see one another again. Many will go to college, to the Armed Forces, or working at our life's occupation. So let me leave you this last gesture, "May God watch over you and guide you through-out your life."

Sincerely yours

Richard Silva

In Memory of

Dennis Freitas

As the long train
Of ages glides away, the sons of men,
The youth in life's green spring, and
he who goes
In the full strength of years, matron
and maid,
The speechless babe, and the gray-
headed man--
Shall one by one be gathered to thy
side,
By those who in their turn shall
follow them.

--William Cullen Bryant

I sincerely wish to thank each member of my staff and our advisor, Mr. Kaber, for their patience and hard work in the making of the 1971 Waukeen.

We hope that this year's Waukeen contains some of the memories and events that made your years at Hilmar High memorable ones.
